

No child's future should be limited

The early years make the biggest impact:
Can you help support our Angel appeal?
Help us to make sure those early years count.

Becoming an Angel could stop a family reaching breaking point

Without charities like **Home-Start Guildford**, many local families would fall through the cracks - left to rely on overstretched NHS services, social care, mental health teams - and even the justice system. Every year, we receive more referrals which involve deeply complex family challenges. The need is growing and the mental health of those we support is worsening.

In the past 12 months we have supported:

147
families

302
children

Many reported more than one of the issues below and more than **35%** of families presented with **five or more**, indicating a rise in the complexity of the cases we see.

All felt isolated and unable to cope.

Mums and Dads typically presented with:

Mental
Health
Issues

Emotional
and/or
Domestic
Abuse

Disability &
or Special
Needs of
Parent/Child

Displaced
Families

Lone
Parent

We step in early, when it matters most.

Alongside our trained volunteers, we now employ skilled professionals to support families in crisis - those facing the toughest circumstances. But despite delivering a proven, preventative service, we receive **no statutory government funding**.

Crisis is closer than you think

More than 1 in 5 children in the UK live in poverty. Right here in Guildford - one of the wealthiest areas in the country - Park Barn, Slyfield and Bellfields rank among Surrey's **most deprived communities.**

Will you be OUR angel?

Home-Start Guildford needs to raise £230k a year to continue to provide our crucial services. More than **60% of that total** must come from donations, events and local supporters - people like you. Families are reaching out for help. We need to be ready.

You can make a real difference

Your donation, especially if made on a regular monthly or annual basis, helps us plan, respond and be there for as long as a family needs us.

We need reliable, regular giving - now more than ever

Our service prevents breakdowns, mental health crises and long-term harm. Our results are measured, benchmarked and reported in our Annual Impact Report

Regular donations allow us to continue offering this life-changing, cost-effective support to local families
